Chapter 1 by Jack Frost

My name is Alexander, and i am a demon king. Well i wouldn't say a demon king just yet but soon to be.

My father was the demon king, and i was next in line. I never wanted the throne but a couple years later he died and i had to take the throne.

He was killed by the angels of the society of the necrons. I swore revenge on them, and i never forgot that promise i made to him.

The young lady before me was a vision of beauty and grace, her skin pale and her hair flowing in the wind. I could feel my heart racing as I gazed upon her, my desire for her growing with each passing moment. I had never felt this way before, not even with my old master, the Demon King. Though he was a powerful and feared ruler, he was not as attractive as this woman. She was already powerful in her own right, with a presence that commanded respect and admiration from all who saw her.

demon lord, with many demon servants, I had no need for another pureblooded demon. Plus Emily was... beautiful. She was the outcome of a foolish demon's choice to try to possess a pure soul. The whole thing had gone wrong, and now the demon was possessed by her, and not the other way around. Emily the human... she had something I wanted though. She could phase between our worlds with ease... Her humanity was a key, and it unlocked the pathway to Mortal Earth.
